PERSONS ADDRESSING THE TOWN BOARD:

Joseph Juszcak, 600 Pleasant View Drive, and some of his neighbors, spoke to the Town Board at some length relative to the sanitary sewer presently being constructed in the Pleasant View Drive/Stony Road area under the supervision of Erie County Sewer District No. 4.

Mr. Juszcak and his neighbors expressed the following concerns to the Board:

1. They are presently being taxed for the sewer even though it is anticipated that it will not be available for their use for another 18 months.
2. The contractors on the project do not employ a flagman and dangerous situations have been observed with machinery moving on and off the highway without direction of a flagman.
3. The visibility at the intersection of Stony Road and Pleasant View Drive is obscured by the presence of a portable restroom provided for the use of the reconstruction workers.
4. There is a three foot deep hole in front of 591 Pleasant View Drive which has filled with water and is dangerous to the children of the area.

The Supervisor addressed each of these concerns as they were presented to the Town Board and assured Mr. Juszcak and his neighbors that he would bring these matters to the immediate attention of the County Sewer District and request they remedy this situation.

Art Schmidt, 5282 William Street, complained to the Town Board about the drilling of private gas wells on properties in the William Street South Lancaster area.

The Supervisor explained to Mr. Schmidt that the Town Board had previously enacted a Local Law to regulate private gas drillings, however, subsequent to the adoption of the Local Law of the Town of Lancaster, the State of New York enacted legislation which superseded all local laws in the area of private drilling regulations. Local drilling is now supervised by the N.Y.S. Department of Environmental Conservation.

Mr. Schmidt and his neighbors were urged to forward their complaints to the N.Y.S. Department of Environmental Conservation and also to Assemblyman Graber and Senator Volker who have the authority to enact new legislation which could address their concerns in this matter.
